

Affordable Nordic Luxury

NjordBaden

peace, simplicity
and elegant technology

Water. Peace. The power of the north.

NJORD BADEN combines timeless Scandinavian design with smart technology and the certainty of European manufacturing.

We create affordable luxury: honest materials, quiet operation, intuitive operation and service support.

Plug & Play means that you simply fill the hot tub with water, plug it into an electrical socket and relax.

Assembled & QC in EU
(Czech Republic)

*Emphasis on ergonomics and durability.
Your personal wellness, every day.*

Service & care

NJORD BADEN Customer Support:

hej@njordbaden.com

Service provided by **HANSCRAFT**® Care.

European service network, original parts, fast turnaround.

Each product has a unique QR code for registration, instructions and service form.

FAQ

- **Do I need an electrician?**
No electrician needed with Plug & Play models.
(Separate circuit recommended.)
- **How quickly does the water heat up?**
It depends on the volume and inlet temperature;
there will be a calculator on the website.
- **Is the cover included?**
With NJORD, the thermocover is included.
- **Maintenance required?**
Simple steps once a week.
- **Warranty and service?**
Standard warranty, HANSCRAFT Care service.
- **What kind of substrate do I need?**
Check the dimensions and recommendations
in the catalog.

OEM/ODM/private label welcome.
